

Kinetis® K10–120 MHz, Mixed–Signal Integration Microcontrollers (MCUs) based on Arm® Cortex®–M4 Core

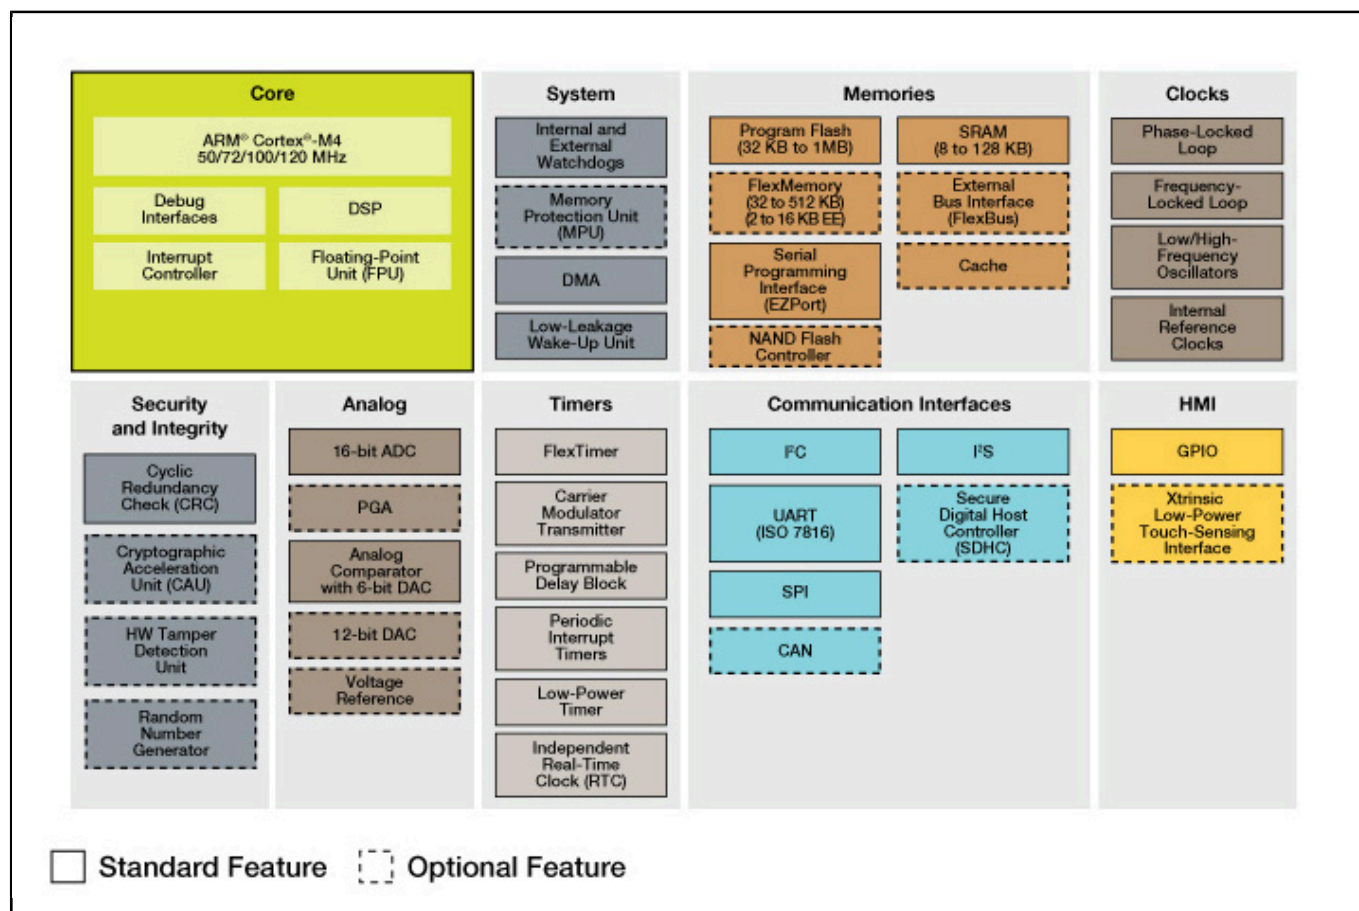

K10_120

Last Updated: Mar 5, 2025

The Kinetis® K10 120 MHz MCU family features advanced serial communication, analog integration and a customizable system expansion for medical, industrial, and consumer devices.

- Includes analog, communication, control and timing peripherals to accommodate many different requirements
- Targets performance-efficient applications
- Offers the Kinetis portfolio's shared comprehensive development support and scalability
