

# Accurate RTC with Battery Backup

## PCF2129

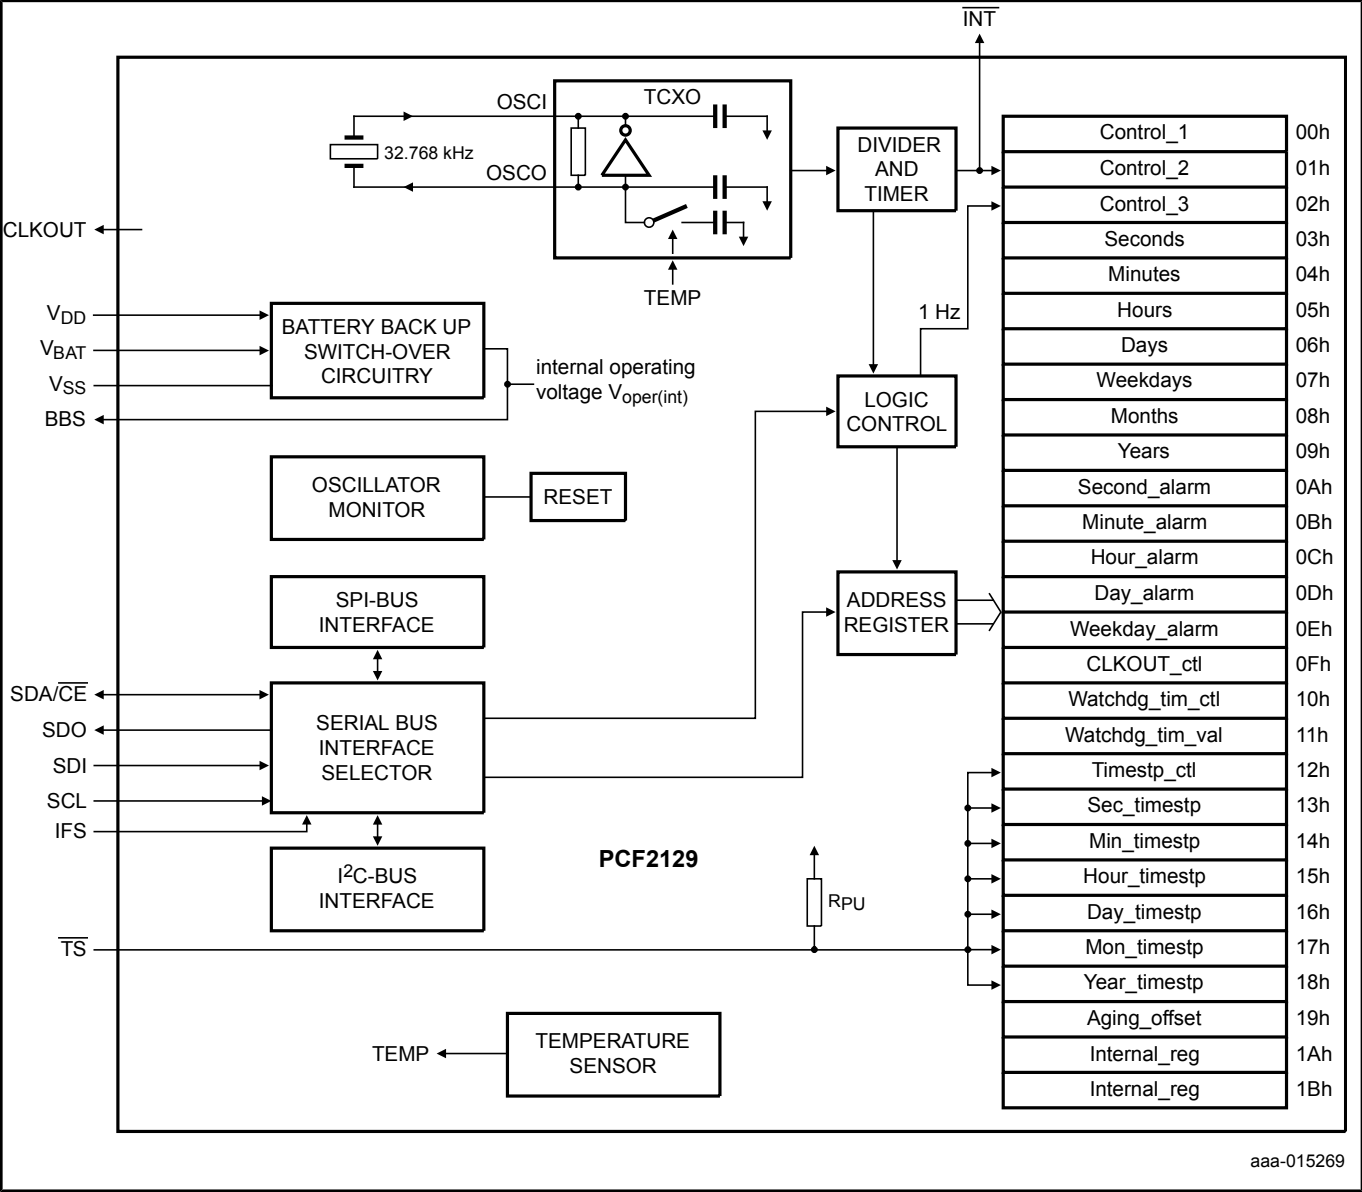

### **Not Recommended for New Designs**

This page contains information on a product that is not recommended for new designs.

Last Updated: Apr 30, 2025

The PCF2129 is a CMOS Real Time Clock (RTC) and calendar with an integrated Temperature Compensated Crystal (Xtal) Oscillator (TCXO) and a 32.768 kHz quartz crystal optimized for very high accuracy and very low power consumption. The PCF2129 has a selectable I<sup>2</sup>C-bus or SPI-bus, a backup battery switch-over circuit, a programmable watchdog function, a timestamp function and many other features.
