

# **HV Start-up DCM/QR Flyback Controller with Integrated DCM/QR PFC Controllers**

## **TEA175X**

Last Updated: Dec 26, 2024

TEA175x combines a controller for power factor correction (PFC) and a flyback controller. Its high level of integration allows the design of a cost-effective power supply with a very low number of external components. The special built-in green functions provide high efficiency at all power levels.
