Subject: ISO/TS 16949:2002 confirmation letter

Dear Mr. B. Page

This letter confirms that KEMA has conducted an Initial Registration Audit of NXP Semiconductors Location Fishkill USA on June 2-6, 2008 to assess the degree of conformance of the Management System to the requirements of ISO/TS 16949:2002, as established and implemented.

On the basis of the findings of this audit, and the clearance of the nonconformances, KEMA certification management concluded that the management system of NXP Semiconductors Fishkill USA and its implementation complies with the requirements of ISO/TS 16949:2002.

This letter of conformance is the result a successful closed ISO/TS 16949:2002 Initial Registration audit. During this certification audit NXP Fishkill demonstrated the ability to manufacture products for automotive applications. Automotive production is scheduled to commence at the Fishkill site in Q3 2008 for NXP Semiconductors BU A&I.

This letter is valid for 12 months from the last on-site audit day. The validity of this letter expires at June 6, 2009.

Kind regards,

KEMA Quality B.V.

Certification manager

Jan Beltman
